STATINTL

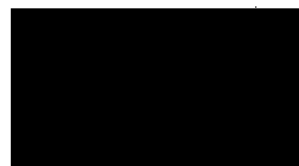

Your technical proposal P-337 for a "Variable Width Film Reader" has been evaluated as of no further interest at this time. Additional proposals were submitted for this requirement and your proposal did not satisfy our requirements technically as well as others. In addition, the unit cost was considerably higher.

I would also like to take this opportunity to apologize for the delay in informing you of our actions on this matter.

I appreciate your interest in taking the time to prepare the proposal and look forward to discussing additional requirements with you in the future.

Sincerely yours,

STATINTL
